

MUSIC, THEATRE, DANCE FESTIVAL SOON IN OJAI

Ojai Festivals Ltd., which plans to establish this country's first international music, theatre and dance festival in California, will present two week-ends of preliminary performances, May 21-23 and May 28-30, at Nordhoff Auditorium, Ojai Valley, Ventura County.

Nora Kaye, prima ballerina of Ballet Theatre, America's leading dance organization, French baritone Martial Singher, outstanding concert artist and opera star, Thor Johnson, youngest conductor of a major American symphony orchestra, two of California's leading string quartets, the American Art Quartet of Los Angeles and the San Francisco String Quartet are but a few of the highlights which will attract music lovers to the exquisite Ojai Valley this Spring.

Other factors contributing towards the brilliance of this year's festivals: Max Goberman, musical director of Ballet Theatre, will conduct a special orchestra of 7 virtuoso musicians for two performances of Stravinsky's "Story of a Soldier"; Allen Lannom, will be heard in Mozart's immortal Requiem in D minor, accompanied by the 30 men of the Ojai Festival Chamber Orchestra, conducted by Thor Johnson.

Ojai Festivals Ltd. is an educational, non-profit organization incorporated in the State of California. Those desiring further information are requested to address Ojai Festivals Ltd., at 701 North Montgomery st., Ojai, California.

U.S.C. ALUMNI DAY SLATED ON CAMPUS MAY 8

Invitations to a series of open-house events to alumni of the University of Southern California who reside in this area were issued this week for Alumni Day on campus May 8. Beginning at 10 a.m. with an assembly in Bovard Auditorium when guests will be addressed by President Fred D. Fagg, Jr., the all-day events will include a series of scientific demonstrations, faculty lectures and departmental exhibits.

LAIME MEETING IN LOS ANGELES IS SLATED MAY 27

The Industrial Minerals Division of the American Institute of Mining and Metallurgical Engineering will hold a meeting Thursday, May 27 at 7:30 p.m. at the Southern California Gas Company Auditorium, 810 South Flower street.

Dr. Cordell Durrell, chairman, Department of Geology, University of California at Los Angeles will speak.

HIGH HONOR . . . Scout Greg James of Walteria receives Eagle Scout badge from Explorer Advisor George Tait while Kiwanis Club Representative E. E. Meyer watches. (Photo by Arthur Willey).

WALTERIA YOUTH WINS EAGLE SCOUT HONORS

Gregory James, son of Mr. and Mrs. Clark Walker, 24208 Ocean avenue, Walteria, was accorded Eagle Scout honors at a Court of Honor held Friday night in the Lomita Scout Hall.

Presentation of the Eagle badge was made by Explorer Advisor George Tait at the meeting of the Lomita troops.

Torrance Chest X-Ray Program Slated For July

Tentative dates for a county-wide chest x-ray program has been announced by Dr. P. K. Telford, chief of the division of tuberculosis control for the Los Angeles County Health Department.

The portable x-ray unit is scheduled for Torrance health district the week of July 26, 1948. The exact location and hours will be announced later, the physician said.

The County program is in line with a nation-wide drive to x-ray every person in the United States over 15 years of age.

In commenting on the program, Dr. Henry C. Smiley, Torrance district health officer, said that the County health department has recognized the need for wider x-ray service for some time.

"This program is one of true service to the public and is tax supported," he pointed out, "and the objectives of discovering unknown cases of tuberculosis in the community can succeed only if public spirited organizations and individuals see to it that facilities are used.

Federal School Aid Program Is Hit By Leader

"Federal aid to education as proposed under Senate Bill 472, currently before the House education and labor committee, would be a blanket encroachment of the federal government on local government and home rule and, as such, is an issue of grave importance to California," said A. C. Hardison, of Santa Paula, president of California Taxpayers' association and prominent citrus grower.

"All citizens should familiarize themselves with its implications," he continued.

"Public education has always been a state function, and a local responsibility," Hardison declared. "It is not to be expected that every state will the same amount, use identical methods, or get the same results.

"Introducing federal finances into the public school system must inevitably carry with it federal domination of the public schools—which few Americans would sanction."

Some of the facts that Dr. Hardison suggested for consideration are:

"The so-called poor states have greatly improved their support of their own school systems during the last eight years. Over the nation at large, state aid to education has increased 117 per cent in that period.

S. 472 proposes to appropriate \$300,000,000 for the first year. This could easily grow to several billions in a few years. California this year is providing about \$400,000,000 for its own public schools. Under S. 472, California would receive \$7,260,000, but California's share of the \$300,000,000 tax cost would be \$27,000,000. California would be paying \$4 to get back \$1—on top of its outstandingly generous support of its own schools, Hardison pointed out.

ALLSPICE ORIGIN
Allspice is a flavoring obtained from a West Indian tree of the mystic order.

Red-ripe, sugar-sweet Strawberries

box **27c**
